Log into SmartHub using your old address, click, "My Profile" tab at the top and provide the necessary information to change the address.

What is the difference between the Mobile App and the Web Version of SmartHub?

Our Mobile Apps are native Applications that can be downloaded and installed on your compatible mobile phone or tablet device. Both the Apps and the Web version give you secure access to maintain your account information, view your bills, see payment history, make payments on one or more accounts, set up recurring payments and report outages. They also allow you to monitor and manage your usage by use of graphics and usage markers.

The Web version is accessible from any device that is connected to the internet allows you to register your accounts to receive notifications for account milestones, such as an approaching or a missed due date. It also allows you to set usage markers (date range or point in time) to monitor the changes in usage based on events. The Web has a Profile page available for you to maintain your personal information, password, security pass phrase and stored payment methods. The Apps allow you to find and get directions to office locations, payment drop boxes and payment kiosks using the map feature on your device.

Is my phone or tablet supported?

Our Apps are supported on the following platforms:

- IOS 3.1 and above (iPhone and/or iPad)
- Android 2.1 and above (Smartphones or tablets)

Is the App secure?

Yes! All critical information is encrypted in every transaction run and no personal information is stored on your mobile device. Mobile devices do offer you the ability to store your login information for Apps installed on the device. If you choose to store your login information, any person who has access to your mobile device can access your account.

How do I get the App for my phone?

Simply look for our name in the Apple Store® or in the Android® Market.

Search: SmartHub (not case sensitive but must be all one word), if duplicates appear the correct App is provided by our partner, National Information Solutions Cooperative (NISC).

What do the color codes represent on the mobile application My Usage screen?

The colors represent a visual indication of your usage. Red indicates the highest usage for the range of days displayed, brown is the second highest, etc. Green indicates average usage.

In SmartHub web, my tab buttons are not highlighted to indicate what screen I am on and the Utility logo is centered on the page. Why is it displaying this way?

Even though you may be running Internet Explorer 8 or later, some of your websites could be displayed in an older, version 7 compatibility mode. To check this, open Internet Explorer, select Page, and click Compatibility View Settings. Any websites that are listed will display in version 7 compatibility mode. Remove the SmartHub web site from this list.
